

Long Range BPCR .22 Rimfire Silhouette

Intent/Purpose;

The original intent is to provide a recreational game for practice with the purpose of improving ones proficiency with BPCR rifle without the expense and time of reloading.

Concept/Overview;

To create a match that mirrors BPCR Silhouette in all respects. The course of fire, scoring, and rifles permitted are in keeping with the spirit of BPCR Silhouette. In this event the distances are shorter and the caliber of the guns will be .22 rimfire. The distances of the targets was adopted to allow this event to be fired at most rifle/pistol ranges, using existing berms and target stands/frames. In keeping with the shorter distances, the size of the animals are reduced accordingly to maintain the challenge of the match.

Course of Fire;

The course of fire will be 40 shots for record , 10 shots for each target; chickens, pigs, turkeys, and rams. Timing will be 10 minutes for 10 shots for score (unlimited sighter shots are permitted within the 10 minute time limit).

Scoring;

Once a shooter has announced his intention to go for record; targets are shot in sequence, 1 shot per target (10 shots for 10 targets). Targets shot out of sequence will be scored a miss. If a target is missed, shooter will move to the next target. Chickens will be shot off-hand, Pigs, Turkeys, and Rams may be shot off-hand or sitting or prone from crossed sticks. Crossed sticks must be BPCR Silhouette legal.

Range;

Sighter targets/ targets to be placed at the following distances;

Chickens- 50 meters

Pigs- 100 meters

Turkeys- 150 meters

Rams- 200 meters

These are common distances at our club and other clubs around the country, some clubs have established different distances for this game, so these are not absolute distances, but are intended as a guideline for those wishing to start this game at their clubs.

Rifles;

Acceptable rifles must be of BPCR Silhouette configuration, (exposed hammer, no hooked butt-plates or palm rests). May be originally chambered for .22 rimfire, converted/re-lined, or BPCR Silhouetter rifles with removable liners/inserts chambered for .22 rimfire. Sights will be iron or open - globe front sights and tang/peep rear sights permitted. Scopes or sights with iris-type adjustments are not permitted.

In the same manner that BPCR Silhouette rules prevent a technology race, these same rules are encouraged for .22 LR Silhouette for the same purpose. As stated earlier this game was originaly intended to mirror BPCR Silhouette in all respects.
